PHOENIX -- A company with three restaurants in the Valley announced it would donate a portion of each check to help victims of the recent earthquake in Haiti.

[JNK Concepts Restaurants](#) runs and operates several eateries in the Phoenix metro area.

JNK president John Kapoor said in a Friday news release that because of the overwhelming ongoing need for emergency assistance in Haiti the company's three restaurants will be donating a portion of each check between Sunday, January 24th and Sunday, February 14th to [Doctors Without Borders](#).

Doctors Without Borders/Médecins Sans Frontières (MSF) is an international medical humanitarian organization that delivers emergency aid to people affected by armed conflict, epidemics, natural and man-made disasters, and exclusion from health care in more than 70 countries.

#### Participating restaurants include:

Roka Akor Sushi and Robata Grill, 7299 N. Scottsdale Road, Scottsdale  
 Bombay Spice Grill and Wine, 10810 N. Tatum Blvd., Phoenix  
 San Gabriel Mexican Café, 7000 N. 16th Street, Phoenix

"Doctors Without Borders has been working in Haiti since 1991 and had more than 800 Haitian staff, as well as 30 international staff, working there before the quake," said Craig Meunier, Vice President of Operations at JNK Concepts. "Because of the experience of these doctors, and the staff working in Haiti, we are confident that the money donated will be put to good use."

Doctors Without Borders had most recently been operating three emergency hospitals in Port-au-Prince and is now mobilizing a large emergency response in the wake of the earthquake that hit the country on January 12.
